

## WOULD SELL STOCK YARD PROPERTIES OF BIG FIVE PACKERS

Government Petitions for Appointment of Trustee to Take Possession of Properties—Also Enters General Objections to the Various Plans Put Forward by Companies

WASHINGTON, Nov. 30.—The government today petitioned the district supreme court to appoint a trustee to take possession of and sell the stockyard properties of the big five packers.

The petition which accompanied the government's objection to the various plans of the packers for disposing of those properties declared that the packers had failed to present a suitable plan to the court altho nine months had elapsed since they undertook to formulate such a plan.

By its petition the government has taken an affirmative stand on the question of disposing of the packers' stock yard interests, according to counsel for the department of justice. It was explained that heretofore the government had merely objected to plans offered by the packers without suggestion of a method of divorcing the properties as required under the consent decree in the packer cases.

The period allowed for the government to file objections to the various new or revised plans presented to the court by the packers elapsed today. Formal protest was made against the joint proposal of the Armour and Swift companies in modification of the original project of all the packers for a holding company for the stockyards properties to be organized by F. H. Prince and company of Boston. The government also objected to the separate plan presented by the Morris company, but secured a week's extension to file its views as to the Cudahy company's plan the last to be presented to the court.

Enter General Objections—Opposition to the Prince holding company scheme was based on the contention that it would prevent operation of the properties under separate interests, such as stock raisers and feeders.

The packers, according to the plan, would participate in the syndicate to the extent of two-thirds which the government contended gave them control, and finally the government argued that the plan was probably in violation of the Sherman anti-trust law.

To the Morris plan, which provides that the company assign all its stock to a trust company named by the court the government objected on the ground that it was not in accord with the decree requirement that the packers divest themselves of their stockyard properties.

The government also argued that Morris & Company would retain the right to fix the price of securities to be issued by the trust company, not permitting the court to determine a fair price.

The report of the federal trade commission on the packers' plan was attached to the government's brief. In the main, it contained the objections set forth in the brief and also the recommendation to take over and sell the stockyard properties.

Opportunity to purchase the stock of each yard company separately should be given the commission urged suggesting means to accomplish that result.

## Bulletins From Here and There

FARGO, N. D. Nov. 30.—A national marketing system by which the price of their products was advocated in resolutions adopted by the North Dakota branch of the National Wheat Growers' Association organized here today.

FARGO, N. D. Nov. 30.—The executive council of the North Dakota State Bankers' Association after an all-day session here, tonight pledged its co-operation with the Bank of North Dakota, outside investment firms and individuals to bring financial relief to the state.

SPRINGFIELD, Ill., Nov. 30.—First hand information of the Illinois budget system was obtained here today by a committee from Indiana, in preparation for the submission of a budget system for Indiana at its next legislature.

PARIS, Nov. 30.—The bill for the re-establishment of an embassy to the vatican was adopted by the chamber 397 to 209.

LONDON, Nov. 30.—Flume is surrounded by three battalions of carabinieri and shots have been exchanged between the regulars and Gabriele d'Annunzio's legionaries, says a dispatch to the London Times from Milan. General Cavaglia, commanding the government troops, says he will do his best to avoid unnecessary bloodshed, the dispatch adds.

## PROPOSITION TO ENLARGE SUPREME COURT IS DEFEATED

The Chicago Delegation Votes Solidly for the Proposal

COURT'S DUTY IS TO DISPENSE JUSTICE

(By The Associated Press.)  
SPRINGFIELD, Ill., Nov. 30.—Defeated in their attempt to provide for the enlargement of the supreme court from seven to nine justices, with three from Chicago the delegates in the constitutional convention tonight adjourned with some hope that a compromise may be effected, giving Cook county prospect that two of the seven justices may eventually come from Chicago.

The vote which decided the convention in favor of the enlargement of the court as it is, was four to thirty three with Chicago delegates voting solidly.

Fight for a change was led by Judge Charles S. Cutting, chairman of the judiciary committee and Frederic R. DeYoung, both of Chicago. The downstate vote against enlargement was led by Henry I. Green of Urbana.

Influence of Environment.—Decrying the "influence of environment," as a possible factor in the decisions of the supreme court, Mr. Green urged against giving any section of the state an unequal representation. He denied Judge Cutting's argument that "majorities shall rule" and declared the supreme court's duty is to dispense justice and not to represent the people.

"Keep this court free," he concluded, "of the influence of majorities."

Debate was ended upon the adoption of Mr. Green's report. Immediately he asked that the judiciary committee be given further time to amend the next section so as to provide for future apportionment of these seven justices, giving Chicago the possible chance of at least two of the seven.

Tomorrow another war between Chicago and downstate is assured, it seems. Delegates held factional caucuses tonight and the Cook county group gathered about David R. Shanahan and downstate men with George A. Bar of Joliet.

## BUILDER'S BUREAU BLOCKS INQUIRY

Officials Refuse to Answer Questions—Also Get Restraining Order from Supreme Court.

(By The Associated Press.)  
NEW YORK, Nov. 30.—The builders bureau was successful today in blocking inquiry into its affairs by the joint legislative committee investigating the building trust.

Officials of the bureau declined to answer questions put by committee counsel, Samuel Untermeyer, and obtained a supreme court injunction restraining the committee from retaining possession of the bureau's books and then by a sergeant-at-arms.

While the committee was making vain attempts at its hearing to take evidence from unwilling witnesses who repeatedly were adjured in contempt sixteen members of the employing metallic furring the lathing association were arrested on charges of destroying evidence needed by the committee. They pleaded not guilty and were released on \$1,000 bail.

## WILSON COMMENDS SECURITY LEAGUE

Object Is to Coordinate Patriotic and Civic Work Throughout the Country—President Believes Such Movement Needed.

(By The Associated Press.)  
NEW YORK, Nov. 30.—The National Security League which has called a meeting here tomorrow to plan coordination of patriotic and civic work throughout the country tonight made public a letter from President Wilson commending the movement.

"The idea and purposes expressed in your letter November 22 strike me as admirable," the president said. "I think that it is highly desirable that there should be a coordination of the efforts of all patriotic and civic organizations thus a greater unity of object as well as of method."

TWO DEER KILLED WITH ONE BULLET  
Swansea, N. H., Nov. 30.—The killing of two deer with a single bullet is reported by Marshall Hill of this town. He fired at a large buck which immediately booted. When he reached the spot where the buck had stood he found he had killed a doe. Following the trail a short distance, the hunter came upon the body of the buck. The bullet had passed thru the neck of the buck into the head of the doe.

STUDENT ACCUSED ON CHARGE OF MURDER  
Paris, Nov. 30.—A Venetian student, a young Albanian student charged with having shot and killed Esad Pasha, Albanian premier, on June 13 last, was acquitted today in the Seine assizes. He was placed on trial yesterday.

## CONGRESS TAKES COGNIZANCE OF FALLING PRICES

Will Consider Plans to Alleviate the Situation

MAY EXTEND CREDITS TO EUROPE

(By Associated Press.)  
WASHINGTON, Nov. 30.—Possible remedial legislation for agricultural interests will be considered at a joint meeting of the agricultural committee of the senate and house next Thursday. The senate committee went over the situation today and invited the house committee members to meet with them at that time to see what could be done to alleviate the situation caused by falling prices for farm products.

Senate committee members said tentative suggestions for consideration included: Revival of the war finance corporation and the opening of European markets for surplus products, some plan for extending credit to foreign nations and amendment of the federal reserve act to afford extension of credits on agricultural property.

Senator Norris, Nebraska, said re-establishment of trade with Russia would be one means of relief. Senator France, Maryland, another member of the committee, plans to introduce a resolution for this purpose.

Cotton States Will Join  
Senator Harrison, Mississippi, also a committee member, indicated that congressmen from cotton states were ready to join with those from wheat and cattle states were ready to join with those from wheat and cattle states in pushing relief legislation. The Mississippi senator said he wanted to see the war finance corporation revived and provisions made for government loans to the agricultural interests.

The government encouraged the farmers to make this crop, which was at a very high cost of production, and the government ought to apply exceptional treatment to aid them, asserted Senator Harrison.

He said he had bills to offer dealing with the problem if the joint committee session reached no definite program. He added that he would also favor making property in the hands of the alien property custodian, amounting to about \$400,000,000 basis for extending credit to Germany to purchase surplus American products.

The joint committee probably will ask Secretary Houston, members of the federal reserve board and other officials of the government to be present.

## DENIES PETITION FOR RECEIVERSHIP

Judge Scores Attorney for Alleged Sharp Practice—Says He Should Be Disciplined for Lending Himself to Such Practices.

(By The Associated Press.)  
CLEVELAND, O., Nov. 30.—Common Pleas Judge Manuel Levine today dismissed the petition of J. W. Wilson of Columbus, Ohio, asking for a receivership for the Templars Motor Corporation of this city.

Wilson in his petition made allegations against the conduct of the company's business and against its President M. F. Bramley. Attorneys for the company denied all the charges and presented evidence that the company had assets amounting to \$8,000,000 to cover liabilities of approximately \$600,000.

"Somebody is guilty of sharp practice in this case," Judge Levine said in dismissing the petition. "These charges are plainly groundless, and the severest discipline should be applied to any attorney who would lend himself to groundless charges of this kind."

## CENTRALIA LEADS IN SALE OF CHRISTMAS SEALS

Springfield, Ill., Nov. 30.—The city of Centralia is leading the state in the sale of Christmas seals, having passed the eleven per capita mark last night. Figures reported to the Illinois Tuberculosis association gave Centralia's 11,838 population credit for \$1,305.25 in seals.

BANDITS SECURE CASH AND LIBERTY BONDS  
New York, Nov. 30.—Two daring holdups occurred in Brooklyn today when \$7,000 in cash and Liberty Bonds were stolen. Four bandits alighting from an automobile held up two messengers of the brokerage house of Kean, Taylor & Co., and stole \$46,000 worth of bonds they were carrying.

CHICAGO MILK DEALERS REDUCE RETAIL PRICE  
Chicago, Nov. 30.—Milk distributors notified city officials today that the retail price of milk in Chicago would be cut one cent a quart beginning tomorrow.

## SECRETARY COLBY SENDS PROPOSAL TO MEX GOVERNMENT

Would Have Commission Appointed to Draft Treaty

LETTER IS MADE PUBLIC

(By The Associated Press.)  
WASHINGTON, Nov. 30.—A formal proposal from Secretary Colby that commissioners be appointed by the United States and Mexico to draft a treaty on which can be based resumption of full diplomatic relations between the two governments has been taken to Mexico City by Roberto V. Pasquerra, Mexican confidential agent in Washington. This was disclosed tonight when the state department made public Mr. Colby's answer to Mr. Pasquerra's recent letter urging recognition by the United States of the new government of Mexico. It was handed to the Mexican agent before his departure on Thanksgiving day to attend the inauguration of President-Elect Obregon of Mexico, on December 1.

Referring to his conversations with Mr. Pasquerra, Secretary Colby in his letter said that they served to leave no reasonable doubt of the high and enlightened purposes that actuate the present government of Mexico.

As to Article 27 of the Mexican constitution, long a stumbling block to understanding between the two governments, Mr. Colby said the statement in Mr. Pasquerra's letter that "it is not and must not be interpreted as reactive or violative of valid property rights," should "allay the fears of those who have acquired valid titles," in Mexico, adding:

"I can conceive of nothing better calculated to correct this misunderstanding."

"It only remains," Mr. Colby continued, "to give these understandings a form which is usual in dealings between friendly states, and I have the honor to suggest that commissioners be promptly designated by both Mexico and the United States to formulate a treaty embodying the agreements which have been reached as the result of your successful mission."

The Secretary's letter dated Nov. 25, said in part: "We have not required the assurances, so unqualifiedly given in your letter, of Mexico's regard for the discharge of her obligations, and of her respect for the principles of international law."

"Your suggestion of a joint arbitration commission to adjudicate the claims presented by citizens of other countries, for damages sustained as a result of disorders in your country and the further proposal to enlarge and strengthen existing treaty provisions for the arbitration of all controversies now pending or which may arise between our respective nationals, bring convincing support of your declarations, if that were needed."

"You refer at length to the misunderstanding that has arisen and which has widely prevailed, as to the true scope and effect of article 27 of the Mexican federal constitution. That such misunderstanding has existed and has exercised an unfortunate restraint upon the impulses of friendly governments in their desire to cooperate with the Mexican people in the recovery of the full measure of their material strength and prosperity, cannot be denied. But I can conceive of nothing the better calculated to remove the misunderstanding and to place those who have acquired valid titles, or who have made substantial investments in conformity with Mexican law, and in reliance upon its protection, than the statements of your letter referring to the declarations of president de la Huerta and President-Elect Obregon to the effect that article 27 is not and must not be interpreted as reactive or violative of valid property rights."

"It only remains to give these understandings a form which is usual in dealing between friendly states and I have the honor to suggest as our fruitful discussions draw to a close, that commissioners be promptly designated by both Mexico and the United States to formulate a treaty, embodying the agreements which have been reached as the result of your successful mission."

"It only remains to give these understandings a form which is usual in dealing between friendly states and I have the honor to suggest as our fruitful discussions draw to a close, that commissioners be promptly designated by both Mexico and the United States to formulate a treaty, embodying the agreements which have been reached as the result of your successful mission."

## SENATOR MCMURICK ARRIVES AT LONDON

London, Nov. 30.—U. S. Senator McMillan of Illinois on his arrival in London today disclaimed reports that he was visiting Europe to feel out the nation on a new plan for a league of nations.

Mr. McMillan declared in a formal statement that his trip to Europe had no political significance. He expects to visit Paris, Rome, Prague, Warsaw and Berlin.

FAMOUS QUARTERBACK RECEIVES APPOINTMENT

## BANKS SUPPLY POOL OF \$22,000,000 FOR LIVESTOCK INDUSTRY

Association Cannot Deal Directly With Producers

CAN CARRY PAPER TWELVE MONTHS

(By The Associated Press.)  
CHICAGO, Nov. 30.—The livestock finance corporation organized yesterday with a pool of \$22,000,000, supplied by New York, Chicago and Boston banks to aid the livestock industry of the country tonight issued a statement outlining its plans and explaining its method of operation.

The statement points out the association cannot deal directly with individual livestock producers but will reach them thru livestock loan committees and banks. The corporation itself cannot make loans, the statement says, because it has a capital stock of only \$1,000,000.

Will be Used to Finance Breeding.—"The pool of \$22,000,000 was underwritten by banks because of the apparent difficulties faced by stockmen in financing breeding herds," continued the statement. "None of it can be used to finance speculative purposes or for feeding."

"The corporation, with the money placed at its disposal, will purchase at a 10 per cent rate of discount, from cattle loan companies and banks such endorsed paper as desired, but not to exceed the maximum engagements of the subscribing banks."

"The corporation, primarily, will assist the various companies in carrying the loans already on their books. The ability of the corporation to carry paper is limited to twelve months from the date of its acceptance."

"When the corporation has completed its work and is dissolved any surplus remaining will be divided among the cattle loan companies and rediscounting banks in proportion to the amount of paper purchased from them."

## LEGION COMMANDER OBJECTS TO USE OF FLAG COMMERCIALLY

Would Stop its Use in the Manufacture of Toys

WILL INVOKE FEDERAL AID

(By The Associated Press.)  
SPRINGFIELD, Ill., Nov. 30.—Federal aid will be sought tomorrow by Commander William R. McCauley of the American Legion of Illinois, he declared tonight to stop "commercialization and mutilation of the American flag" to stimulate sale of Christmas toys.

Mr. McCauley obtained a number of dolls and jumping jacks in a local department store today which has been dressed in the American colors. He said they were being manufactured by Philadelphia firm and distributed among Illinois retailers.

Says It Is Disgrace.—"It is a disgrace," Commander McCauley declared, "to allow a firm to cut up the flag for which we fought and make dresses for jumping jacks and dolls. Its a violation of the federal statute and I intend to ask the federal authorities tomorrow to stop sale of all such toys. Buletins were sent immediately to all posts in the state to ask their co-operation in stopping sale of such holiday articles Mr. McCauley asserted."

"If certain firms have to mutilate the flag to make dresses for their toys in order to stimulate sales, it should be prosecuted. It is like the old story about the actor who had to wave the American flag to get applause from his audience," added Mr. McCauley.

## PROHIBITION LAWS PROBABLY WILL STAND

(By The Associated Press.)  
WASHINGTON, Nov. 30.—The prohibition enforcement probably will stand unchanged for the present at least. Representative Volstead Republican of Minnesota his author said today he had no intention of altering it in any way.

Prohibition enforcement officials, Mr. Volstead added, have not requested additional legislation or any changes in the present Congress, however, may act during the coming session, he said, on the bill introduced at the last session by Representative Green, of Iowa, providing for the concentration in fewer warehouses of stocks of bonded liquor for the purpose of insuring more rigid supervision.

## STUDENT PILOT IN AVIATION SERVICE KILLED

Pensacola, Fla., Nov. 30.—James R. Spencer, chief machinist mate at the naval air station here, was killed shortly after noon today when a flying boat in which he was soloing crashed into the bay from an altitude of 1,000 feet. Spencer was a student pilot and had been in the aviation service since the outbreak of the war. His residence is in Virginia.

## PRESIDENT WILSON PROFFERS SERVICES TO END HOSTILITIES

Would Bring About Peace Between Turks And Armenians Thru Arbitration—Believed That United States Will Exert a Great Moral Force for Peace of the World

WASHINGTON, Nov. 30.—President Wilson today proffered his "personal mediation thru a representative whom I may designate," to end hostilities in Armenia.

The offer was in reply to an invitation from Paul Hymans, president of the council of the league of nations, transmitting a resolution adopted in behalf of Armenia by the assembly of the league at Geneva on November 22.

It requested that "the horrors of the Armenian tragedy" be brought to the attention of the powers with a view to entrusting some power with the task of taking the necessary measures to stop the hostilities in Armenia.

The United States, although not a member of the league, was included among the nations of the world to whom the broadcast invitation was issued.

Adoption of the resolution was preceded by some discussion of the feasibility of organizing an international force to intervene in Armenia, assailed alternately by Turkish Nationalists, the Bolsheviks and other trans-Caucasian elements.

In his reply, however, Mr. Wilson said he was without authorization to offer or employ the military forces of the United States in any project for the relief of Armenia or any material contributions "requiring the consent of congress, which is not in session and whose action I could not forecast."

Would Try to Bring Peace.—The president declared, however, that he was willing upon assurances of the moral and diplomatic support of the principal powers, to endeavor to bring about peace between the contending parties in Armenia through arbitration.

He asked suggestions as to the avenues through which the parties should be conveyed and the parties to whom it should be addressed. Among officials in close touch with the president it was suggested that on account of the familiarity of Henry Morgenthau, former ambassador to Turkey, with near eastern problems, it was possible that he would be the representative through whom Mr. Wilson might act. The president already has before him much data bearing on Armenia in connection with the task entrusted to him of fixing Armenian boundaries.

Question as to the fate of the Armenian nation was raised in the league assembly at Geneva by Rene Viviani of France, who declared that the attitude of the league toward Armenia would constitute either vindication or condemnation of the league to the world. The Armenian resolution was adopted by unanimous vote and it was determined to seek among the powers a mediator in the struggle between Armenia and the Turkish nationalists who, since the erection of Armenia as an independent state after the armistice have threatened to overwhelm the country.

Expresses Satisfaction  
New York, Nov. 30.—Cleveland H. Dodge, treasurer of the near east relief, in a statement on President Wilson's acceptance of the mediatorship of Armenia, said:

"It is a great satisfaction to every friend of Armenia that the moral force of the United States will be placed in the lists in favor of the salvation of a Christian people so long as they are suffering from persecution. The leadership of the president in clarifying the whole near east question which has become so muddled, will be an immense force for the peace of the world."

Charles Vickery, general secretary of the near east relief, announced that more than 500 American men and women workers of the near east relief, scattered throughout Turkey and Armenia, would furnish President Wilson the "moral machinery" and the information necessary to carry out his mediation plans in connection with the Armenian situation.

## RATES SUSPENDED ON FRUITS AND VEGETABLES

Interstate Commerce Commission Takes Action—Fruit Growers Protest Schedules.

(By The Associated Press.)  
WASHINGTON, Nov. 30.—Proposed changes in rates, rules and regulations governing the diversion and reconignment of fruits and vegetables and other commodities shown in tariffs of various carriers were ordered suspended today by the interstate commerce commerce commission until next March 31.

The changes were to have become effective tomorrow. The suspended schedules proposed increased charges for diversions and reconignments of fruits and vegetables and similar commodities and restrict the number of diversions or reconignments which may be made.

Representatives of fruit growers in Florida, California, Mississippi, and other states appeared before the commission last week to protest against the schedules.

Time was, not so long ago, when they used to laugh a good deal about book farming and the animal husbandry work done at educational institutions, but now it is different. At the livestock show in progress in Chicago nine out of twelve prizes offered in a certain department have been won by animals raised in the livestock department of universities.

Notwithstanding an increase in revenues from rates of 14.7 per cent over the corresponding month in 1919, the amount of income after paying expense of 66 telephone companies during August showed a decrease of 29.2 per cent, according to a statement issued by the federal Interstate Commerce Commission.

sion. Continued high wages and increased cost of materials were responsible for the big increase in expenses.

Months ago there was talk of a "solemn referendum" in Missouri on the question of prohibition. Friends of the wet cause maintained that the dry action of the legislature did not correctly represent the will of the people, but now the record is against them. In the last election the question of a prohibition enforcement law was put up to the people and carried with 481,000 votes for it and 420,000 against it. In accordance with this instruction from the people the governor of Missouri has just signed the bill.

IT CAN BE DONE.

The New York Herald ridicules the suggestion that a billion dollars can be raised from the tariff, and apparently believes that no more can be realized now from that source than was obtained from former Republican schedules, namely, about a third of a billion. But it must be remembered that never before in the history of the country have our imports approached the huge values now being received. It is probable that this year they will reach the sum of six billion dollars. In the fiscal year 1913, the last under a Republican tariff, the imports were only about \$1,800,000. That sum yielded \$318,000,000 in

customs revenue. It is highly improbable that similar rates in force now would bring imports down more than half, in view of the necessity for Europe finding a market in this country. But even with imports about half what they are now, a tariff similar to the last Republican law would bring in a revenue of close to \$600,000,000 annually. It furnishes a means for relieving the tax burden in this country that should be thoroughly developed.

EARLY BUYERS GET THE BEST.

There is no great rush of business just now among retail establishments of Jacksonville, but inquiry among merchants reveals that business is moving along steadily. The lessons of other years have resulted in early shopping and in many stores articles intended for Christmas gifts have been laid aside for purchasers. The stocks in Jacksonville stores were never more complete for the holiday trade and those who buy early will have the opportunity of finding just the things they want.

Merchants are laying some emphasis upon the fact that early buyers will fare better than those who come late because it will be almost impossible to replenish stocks. Because of business conditions, manufacturers and jobbers have made special efforts to secure early distribution of their goods this year, with the result that the shelves and store rooms in these establishments are more than usually bountiful. "Shop early" was a good slogan in other years, but it is especially worth while in 1920.

THE RARE ART OF GIVING.

Dr. Frank Crane writing in Hearst's Magazine on the art of giving has this real bit of philosophy:

Most anybody can sell things. But very few indeed understand the rare art of giving.

Selling a man a basket of apples or a shirt is no special drain upon one's spiritual resources. A feeble-minded person can do it. But there are not many people who can give away apples or a shirt and not make a mess of the transaction.

The psychology of selling is simple; that of giving is complex.

The only way to give and not wound, and put poison in the wound, is to give secretly and without conditions; in other words, not on any account to let your left hand know what your right hand doeth.

Few can give beautifully. It calls for self-forgetfulness, large-

ness of heart, and the utmost delicacy of tact.

Kings give, God gives; the High Ones do not sell. And to engage in this godly business of giving you too must have something royal, something divine about you.

If you are looking for your price, even if it be only appreciation—still more if you are expecting a favor in return—you are little, and don't belong to the noble order of Givers, and you'd better stick to your petty traffickings.

Giving is a rare and difficult luxury. Before you indulge in it your soul must be purged of self, steeped in love, and you must gain some sense of kinship to the Father of All, who alone understands how to give perfectly.

For the Great Soul comes "not to be ministered unto, but to minister."

Rippling Rhymes By Walt Mason

BRACING UP.

Knocked out by Fate, the bruiser, and by the votes of men, behold, the swatted lower lip, to smile again. Right after election this gent was sad to see; the symbol of dejection and of the dumps was he. "This frost will always haunt me, it caught me unawares; the people did not want me, they kicked me down the stairs. I'll leave the office seeking for thicker jackets; no more you'll see me streaking, pursuing public snaps. I thought the people loved me, and I loved them, by heck! But oh, the way they shoved me, and climbed up on my neck! No more, with front undaunted, shall I for office sprint; I see that I'm not wanted, and I can take a hint." Thus spake the mournful loser, and then he sighed and wailed, when in a leaking cruiser up Salt Creek's tide he sailed. But time heals all diseases, all bruises and all sores, according to the wheezes of bards and other bores. Time soothes the badly beaten and makes him soo for the dish of crow he's eaten—oh, time's our one best bet! And now the loser's grinning, and he forgets to groan; next year he's sure of winning, the gods will guard their own. And so we'll see him gliding on errands punk and vain, when he should be providing against the day of rain.

A REMINISCENCE

A gentleman related an interesting reminiscence of the famed Dr. Peter Cartwright yesterday. At one time the sturdy soldier of the cross was putting up at a primitive log cabin hotel and the same night there was a dance at the place. Dances then were dances, four couples danced a quadrille in a sensible manner. Dr. Cartwright was in an adjoining room when a fun-loving girl dared another to go in and invite Dr. Cartwright to dance with her.

The girl took the banter, entered the room where the minister was and invited him to dance with her. He most graciously accepted and danced a few sets and when they were ready to rest he said:

"We will now change this to a prayer meeting."

No one thought of opposing the august preacher so they respectfully acquiesced and the story goes that the preacher was so powerful in his presentation of the word that one of the merry makers was converted during the evening.

TO FURNISH CITY WITH CURRENT

Supt. Gray Making Necessary Changes to Supply Power for Pumping Station and Street Lighting.

Supt. E. H. Gray of the Jacksonville Railway & Light Co. was busy yesterday with preparations for furnishing power for light and pumping to the city of Jacksonville while machinery, being moved to the new plant. The necessary new equipment and wire has been ordered from the main office of the Illinois Traction System and will be received in the course of the next few days. Then a short time will be required for the installation and Mr. Gray hopes that the current can be turned on in the course of ten days.

The connection between the light company's plant and the city wires will be made at a point near the corner of Franklin street and Clay avenue. Just as soon as this connection is made T. A. Chapin, chairman of the light and water committee of the council, will have the work of plant removal commenced. This work will be under the supervision of Supt. George Stoldt.

The change from the present plant to the new one will be much easier because of the arrangement made with Supt. Gray. It would have been possible to move the plant and still continue with the pumping and lighting work but there would have been many difficulties in such a program and the present arrangement is much more satisfactory to the city.

Winchester, Nov. 30.—Mrs. E. A. Jenkinson and daughter Jean of Jacksonville enjoyed the week end with Mr. and Mrs. Fritz Haskell.

Mrs. William Taylor returned the first of the week from Galesburg, where she was for treatment. Her many friends will be glad to know that she is improving nicely.

Mrs. John Coultas spent Monday in St. Louis visiting her daughter, Loretta and also buying goods for her millinery store.

Mrs. S. G. Smith returned Monday night from a visit in St. Louis.

M. W. Sappington is having the interior of his undertaking parlors redecorated.

Misses Anna and Doll McLaughlin were visitors in St. Louis Monday.

Miss Mary Higgins was a visitor in St. Louis Tuesday.

Emery Wade of Bluffs was a business visitor here Tuesday.

An item in Tuesday's Journal was in error in stating that Otto Henry had sold a business building to Charles Hardy. Mr. Henry sold a residence property to Mr. Hardy, and the building in which the Higgins book store is located has become the property of R. R. Gasen.

JACKSONVILLE LODGE OPPOSES LEASE CHANGE

A regular convention of Jacksonville Lodge No. 152 Knights of Pythias was held Tuesday night when the rank of Esquire was conferred upon Clyde V. Sturdy and Foster A. C. Shepard.

A business session followed the work, when the question of making a new lease and enlarging the lodge rooms was considered. Chancellor Commander Barr Brown asked for a free discussion of the subject and nearly everyone present had something to say. When the matter came to a vote the lodge went on record as opposed to making the expenditure for improvements at this time.

## Let us show you our Shoes and our prices before you buy your next pair of Shoes

We have always sold better shoes for less money—but our shoes are the greatest values that we know of this fall. We will surprise you with the good shoes that we have for less than ten dollars.

Some people ask us if shoe prices have dropped. Of course they have. Good shoes are worth about two dollars a pair less than last spring. But our shoes are greater values than they ever were. Our system of doing business enables us to save you money. And if you are in doubt about it—look at this bargain for men.

## Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air-passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes. Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

## MEXICO WILL NOT ASK ADMISSION TO LEAGUE OF NATIONS

Would Consider Invitation to Join Says Obregon

HOPES FOR BETTER FEELING WITH U. S.

(By The Associated Press)  
MEXICO CITY, Nov. 30. — Mexico will not ask admission to the league of nations, but should an invitation to membership be extended by the league, it would be given consideration.

This declaration was made by General Alvaro Obregon, president-elect of the republic in an interview today during which he discussed various problems that will demand his attention when he assumes the presidency at midnight tonight.

He said he was certain that the provisional government under President de la Huerta had not requested such membership and it was the intention of his government to continue the policy of aloofness, his attitude being that Mexico is making overtures for membership in the league would engage in a humiliating act entirely inconsistent

with its traditional national pride.

President is Grateful.  
General Obregon expressed gratitude for the courtesy shown him by the hundreds of American visitors who are in Mexico City for his inauguration.

"It indicates a better feeling between the two countries, which will certainly be a great help," he said. "The great problem I face as the next Mexican executive is that of general reconstruction," he declared. "I have reflected my attitude toward various problems in a series of projects which I have already submitted to congress for consideration."

"Of first interest to Americans of course, is the oil problem, but in this connection I might say that Articles XIV and XXVII will not be abrogated. But I am sure that within a short time a commission will be appointed to regulate the application of these articles."

"I do not intend to make any recommendations to congress regarding petroleum matters beyond urging that the commission be established and that all parties concerned be given fair and just treatment. I feel certain that this problem will be settled to the entire satisfaction of all concerned."

Asked what he considered the most significant results accomplished by the new Mexican government, which retires tonight he answered that undoubtedly it was the pacification of the republic, which, he added is a sequence to the revolutionary movement of last summer.

## ACADEMY OF SCIENCE HONORS OHIO MAN

PARIS, Nov. 29.—The Academy of Sciences has awarded the Janssen Medal to William W. Coblentz, physicist in the bureau of standards at Washington, for his discoveries in connection with rays emanating from the earth and stars.

William W. Coblentz is a native of Ohio. He has been attached to the bureau of standards for twelve years and has developed a method of measuring radiant heat by infrared and ultra violet rays. He has devised an instrument for astronomers to measure heat from the stars, and also developed during the war signal instruments for ships at sea and an instrument for detecting moving bodies such as ships by their heat emanations in the dark.

## MR. GRIERSON HAS CHANCE FOR RECOVERY

Statement was made yesterday that C. C. Capps had received a telegram telling of the injury and death of George Grierson while hunting near Ft. Davis, Tex. This statement was in error. Mr. Grierson was seriously injured but there is still a possibility of his recovery.

## RULING AFFECTS PACKING COMPANY STOCKHOLDERS

Sioux City, Iowa, Nov. 30.—An important ruling affecting thousands of stockholders in the Midland Packing company, of Sioux City, an \$8,000,000 corporation now in the hands of receivers, was handed down here today by District Judge George W. Jepson. The ruling was made in a suit by an Anthon, Iowa, bank for the recovery of \$2,500 given in payment of Midland Stock, the court sustaining a motion to direct a verdict for the bank. The verdict sets a precedent, which it is expected will result in hundreds of other suits against stockholders.

## REPORTS OF THREATENED REVOLUTION DENIED

Washington, Nov. 30.—Reports of a threatened revolution in Guatemala were denied today by Dr. Julio Bianchi, Guatemala minister to the United States.

Dr. Bianchi said that while it was true that not more than 1,500 rifles issued at the time of the uprising which overthrew Estrada Cabrera had been returned to the present government they were all accounted for and in the hands of friends of the government.

Intimations that a new revolt was impending has been received in official circles.

## GOLF ASSOCIATION MEETS IN JANUARY

Chicago, Nov. 30.—A war for supremacy in the control of golf in America is promised by the proposal sent out today by the directors of the Western Golf Association for the adoption of a new constitution and by-laws at the coming annual meeting on January 15, changing the name to the American Golf Association, to act as the authoritative administrative body for making and enforcing the rules for the playing of golf in the United States.

## AUTO TRUCK GOES OVER EMBANKMENT

## WALQUIST ELECTED CAPTAIN OF ILLINOIS

Champaign, Ill., Nov. 30.—Laurie Walquist of Rockford, Ill., half back and pivot man in the famous Walquist to Carney aerial attack, was elected captain of the 1921 University of Illinois football team at the annual banquet last night. Members of the football squad were entertained by the Champaign Rotary Club.

## COUNTY WILL VOTE ON MEMORIAL PLAN

Petition Asking for Vote on Community Building Project Submitted to County Board.

Tuesday morning committees representing the American Legion and the citizens met with members of the county board, when the petition memorial building was formally presented. This petition, with several hundred names, was filed a week ago asking the commission to submit the question to a vote of the people. The commissioners indicated their sincere interest in the project and their intention of submitting the question to the people, together with a second proposal which if adopted, will authorize a tax providing the fund for the erection of the building.

There was a frank and free discussion of some of the financial troubles of the county and the commissioners explained the necessity of securing a fund for any special project in addition to the general fund for county purposes. The county is now very much in debt and it is difficult to make the fund raised by the county tax meet the general expenditures.

Reference was made to the difficulties of the tuberculosis sanatorium. It has been found that the fund appropriated for this project must come within the regular county tax limit, with the result that serious inroads have been made upon the general county fund and still there has not been sufficient amount of money to make possible the completion of the sanatorium project.

EAGLES WILL SEEK  
HALF MILLION MEMBERS

Campaign Will Start Thruout United States—Order Has Made Wonderful Growth.

Officers of Jacksonville Aerie No. 509 Fraternal Order of Eagles have received a dispensation from the Grand Aerie in preparation for the membership campaign which is soon to be inaugurated thruout the United States for half million new members.

The Fraternal Order of Eagles was organized in Seattle, Wash-ington, twenty-one years ago. It has had a remarkable growth and today numbers over 400,000 members.

The membership drive is under the direction of Conrad H. Mann of Kansas City who is doing great work for the order. Worthy President Robert Clif-ford has appointed the following committee to have charge of the drive for the local aerie. H. E. Frye, J. C. Wood and J. M. Vas-cellos. The work is already under way and at the last meet-ing five applications were pre-sented.

M. J. McCabe, Worthy State President has announced Illi-nois' quota as 10,000 new mem-bers. Jacksonville aerie will endeavor to furnish its full share.

The Eagles have dispensed thousands of dollars in benefits during the existence of the order. Recently the Grand Aerie an-nounced the discontinuance of the patriotic fund, which con-sisted of an assessment of ten cents levied against each member during the period of the world war.

Fifty thousand members of the order were in service and \$1,250,000 was paid to families of those who died in service. The Grand aerie has nearly \$200,000 left in the patriotic fund and the individual aeries will vote on its disposal at the next session of the Grand aerie to be held next August.

Mr. J. Herman just arrived from St. Louis after buying sample line of coats at a dis-count price from New York's largest coat house, which are now on sale at bargain prices.

C. W. B. M. WILL MEET  
The C. W. B. M. of the Wood-son Christian church will meet Thursday at 2:30 o'clock at the home of Bert Fitzsimmons.

## OLD JACKSONVILLE

THREE LETTERS  
By Ensley Moore

(Member Illinois State Historical Society)

Three letters recently received by the O. J. man would seem to have items in each of interest to others beside the party directly addressed. The first was from MRS. EDWARD A. TANNER.

She wrote in view of a tale ar-ticles in this series:

"Last week I was happily sur-prised at receiving a copy of the Journal with marked notice of 'Old Jacksonville,' and reference to Edward Tanner's pupils. I am sure you must know how grateful such references are, coming from one who knows so well the situa-tion. \* \* \* In this later article you refer to Edward's (my hus-band's) connection with the editor of the Portland Oregonian, Harry W. Scott. What a flood of mem-ories this opened. A brisque, vital young man about my hus-band's age, just finishing the col-lege course, Harry Scott was, in those early days the greatest pleasure to Edward. When a pos-sible chance could come, how they enjoyed the wild tramp across the mountains, sixty miles to the west to the Pacific ocean. The friendship together was the greatest pleasure of our four years at Pacific University and till the passing of Edward was kept alive. Since then, till his death, his letters to me were a comfort. Your reference to Dr. Lyman also brought vividly back our next door neighbor—a won-derful man. \* \* \*

Our older citizens will recall George J. Dod, son of Prof. Wm. Dod, who came here from Knox county, Missouri, in 1862, the older man being compelled to leave Missouri owing to his strong Union sentiments. As is also well known to our people.

GEORGE J. DOD

Married Miss Millicent Mullins, daughter of Prof. Rufus Mullins of Illinois college. George was city attorney in 18872 and mem-ber of the Fourth ward. He left here in 1884, going first to Ne-braska and finally locating at Greenwood, Jackson county, Mis-souri. There he has been farm-ing and has been a county com-missioner, three terms in all, of that county, in which Kansas City is located.

Mr. Dod wrote November, 20th Inst.:

"I thank you for sending the notice of our good friend, Mr. Ben R. Upham's death. As soon as I glanced at the picture and read he was dead it filled me with regret, for only a few days ago, in some way, I heard he was still in the land of the living, and I then determined to write a let-ter to him, to let him know I still remembered him and had always thought of him as a true friend. \* \* \* How the names in the paper have changed to new ones, and how many new Pharaohs have taken possession of things in dear old Jacksonville who knew not Joseph. Millie has just returned from an extended visit with her sister and brother Charles N., who is a professor in Iowa Uni-versity."

The third letter was from HON. W. T. NORTON of Alton, Illinois, formerly editor of the Alton Telegraph. He says in part:

"The Historical (Ill.) Journal just reached me. \* \* \* I was greatly interested in your admir-able article on the Collins family. It must have caused you an im-mense amount of work and re-search. \* \* \* My father's family and that of Frederick Collins (of Quincy) were intimate friends for years, from 1835 onward. \* \* \* We called each other 'cousins' tho there was no real relationship. your tribute to Frederick Collins is a splendid review of his life and character. \* \* \* I am now 76 years old. My brother and I are the only survivors of my father's family. My brother's oldest son served in the Philippines in the Spanish-American war and my younger son served nearly two years in the World War, one year in France."

Mr. Norton was the son of the Rev. Dr. A. T. Norton of Alton, one of the foremost pioneer Pres-byterian ministers of this state and editor of the "Presbytery Re-porter."

EDISON RE-CREATION  
CONCERT GOES BIG

Large Audience Attends Tone Test at Music Hall, Illinois Woman's College—All Claims Made Good.

Probably a number of people who attended the recital given last night by Miss Edith McDon-ald and assistants at Music Hall, Illinois Woman's college, were at first puzzled and disappointed when they discovered a phono-graph cabinet occupying the cen-ter of the stage.

They hardly were reassured when the director appeared on the stage and commenced to talk about "Re-Creations." It finally became apparent that the phono-graph was at least to receive as-sistance from the singer, but even then the mental outlook was not exactly bright.

It was explained that the pur-pose of the recital was to illus-trate that Thomas A. Edison, after years of work, had achieved his ideal in perfecting a musical instrument which would actually re-create music so that the re-creation would be indistinguishable from the original.

This was a broad claim but it was established before the eve-ning was over, for the artists actu-ally stood beside the New Edison and performed in unison with Mr. Edison's re-creation—so-called—of their performance. This would have proved little, as the artists might easily have overbalanced the tone of the instrument—swal-lowed it up—so to speak; but they did more, or, to be accurate, less. They paused from time to time, apparently at random and permitted their re-created per-formance to be heard alone. This gave an opportunity to compare one with the other, and it is no more than just to state that there was no discernable difference in tone quality.

There must have been a slight difference in volume when the artists stopped singing or playing but it was not noticeable, for the tone which came from the cabinet was round and luscious, with all of the vibrant, pulsating quality of that which came directly from Miss McDonald's throat and the instrument of Edison. It was only by watching the singer's lips or the violinist's or cellist's bow that one could be sure when they sang or played and when they did not. This proof was convincing. If it were not, another proof was offered. After Miss McDonald had commenced to sing one num-ber, the lights were turned out—ostensibly so that the audience could not watch the singer's lips.

It did not seem difficult to de-termine in the dark when the singer sang and when she did not. The writer was pretty sure about it himself until the lights were turned on again and it was dis-covered that Miss McDonald was not on the stage at all and that the New Edison alone had been heard.

To Brady Bros. belongs the credit for bringing these artists to Jacksonville.

## NAMES ON THE MONUMENT

It is certainly remarkable to note how many persons failed to send in the names of veterans of the Civil war before the soldiers monument was constructed. Many times the list was called for and when it was received all names were published so that it would seem as if everyone had a fair chance to have the name of a friend or relative enrolled yet since the list was completed, as was supposed, more than a hun-der have been received at the Journal office. An additional ta-blet is to be placed on the mon-ument and an effort will be made to get all names sent in properly enrolled but the books will soon be closed and no more names re-ceived. Send to S. W. Nichols at the Journal office names that properly belong there, bona fide veterans of the Civil war, not who necessarily enlisted in Mor-gan county, but who lived here a reasonable number of years since the close of the rebellion. Hurry them up for soon it will be too late.

Work on the concrete foundation for the East State street pavement moved along rapidly yesterday. With favorable weather today it is thought the work will be completed by noon. Engineer Henderson is giving the work a great deal of personal attention. Inspector Wiseman is in charge of the job. The foundation work certainly looks to be first-class in every particular. Three cars of brick are already on the track and more enroute. Men were busy yesterday hauling the brick on the job and it is probable that the work of laying will start today or tomorrow.

BOAT CASE DECIDED

IN JURY TRIAL

Damages in Sum of \$4.50 Awarded Plaintiff — Magill Case to be Heard Next Week.

The appealed case of Martin Cosgriff vs. Roy Goodrick et al occupied circuit court attention all thru Tuesday. Judge Smith heard the evidence and argument during the morning hours and the jury received instructions at the opening of the afternoon session. Then it took the jurors four hours to reach the verdict wherein they found in favor of the complainant and fixed the amount of his damages due at \$4.50. This case involved the possession of a steel boat which Mr. Cosgriff maintained had been taken from him wrongfully by the defendant.

In the hearing in Squire Opperman's court last summer the jury fixed the amount of damages at \$5.

The jurors yesterday were W. Young, Thomas McGinnis, Otis Mason, John Bateman, Howard Phillips, J. D. Stout, C. R. Hopkins, J. A. Moss, Herman Opperman, Claude Petefish, R. E. Phillips and Howard Ward.

On the people's docket Judge Smith entertained motions made by attorneys J. Marshall Miller and J. O. Priest to quash indictments pending against Charles S. Magill. In the three cases wherein the defendant was indicted on a charge of false pretenses, the court entertained the motion and the indictments were quashed. In the three other cases the motion to quash was overruled. These latter cases will come to trial sometime next week, was the statement made yesterday by State's Attorney Robinson.

Docket Entries.

In the attachment suit of D. N. James vs. G. H. Babb, leave was given the plaintiff to amend declaration.

In the bill of W. O. Swales vs. Myrtle S. Freeman et al., wherein the complainant seeks to set aside the will of Capt. J. M. Swales, the demurrer entered was sustained and leave given the complainant to amend.

In the divorce suit of Clyde Fisher vs. Anna May Fisher, the decree was entered and the cause stricken.

In the partition suit of Milton E. Trotter vs. Venetta G. Basey, et al., decree was entered for partition.

Young Woman's Guild

Enjoys All Day Sewing

The Young Woman's Guild of Congregational church held on all-day sewing today at the home of Mrs. Earl Spink. There was a large attendance of the membership of the organization and much was accomplished for the bazaar, which is to be held at the church next Friday. The members of the guild will be at the church both afternoon and evening of Dec. 3 and will offer for sale aprons, fancy work of various descriptions, and candies and cake. A very enjoyable luncheon was served by Mrs. Spink at noon.

Strawn's Crossing

Club Met Tuesday

The Strawn's Crossing club met yesterday afternoon at the home of Mrs. William Thompson. A large attendance was present. In the absence of the president, Mrs. Andrew Harris, Mrs. William Cleary presided. An interesting paper on, "What Thanksgiving Means to Me," was presented by Mrs. Clifton Corrington, also a paper on "The Thanksgiving Dinner," presented by Mrs. Eva Strawn.

Delicious refreshments were served. The next meeting will be with Mrs. Edward Armstrong.

Miss Osborne Entertained

Sunday School Class

Miss Edna Osborne entertained the members of her Sunday school class of Grace church, at her home 921 Grove street Tuesday evening at dinner. Following the dinner the class organized and elected the following officers:

President — Dorothy Jackson.

Vice President — Edna Aldridge.

Secretary — Bertha Hickox.

Treasurer — Dorothy Pearson.

The evening was spent with games and the occasion proved one of much pleasure for the guests.

Tuesday Club Observes

Musical and Guest Day

The Tuesday club held its regular meeting this afternoon at the home of Mrs. Dennis Schram, 1108 South Main street. This was guest day, and also the occasion of the annual special musical program. About sixty ladies were present. There are thirty members in the club, and each was expected to bring a guest. During the social hour the hostess served refreshments.

The following musical program was given:

Vocal solo—Mrs. E. L. Hill.

Piano solo—Mrs. Edgar Martin.

Vocal solo, with ukelele accompaniment—Miss Margaret Williamson.

Reading—Miss Lillian Swift.

Piano solo—Miss Myrtle Larimore.

Vocal solo—Miss Helen Turner.

Violin solo—Miss Anna Frances Bradley.

MR. MUNGER HEARD

IN RECITAL

Mr. Edmund Munger, of the Illinois College Conservatory of Music, gave a piano recital in Northminster church Tuesday evening, Nov. 30th, that stirred a large audience to enthusiastic comment and applause.

He played numbers from Grieg, Chopin, Mozowski, Borodin and Liszt. Composed in the various musical forms, they offered lovely contrast of mood and tone and united in a program of fine proportion.

It seemed to the writer at least, that Mr. Munger brought to the playing of this delightful program a bigger art than he has ever before devoted to his recitals in Jacksonville. To the easily named features of the artists success, his beautiful tone, colorful, warm and tender, crisp, delicate and tempestuous, to his musical taste and masterly interpretations, there is added an indefinable quality that makes his work consistently beautiful.

Each number played held some individual beauty characteristic of the performers style. By their hearty applause, however, his auditors seemed to designate the Ballade and Barcarolle of the Chopin group and the last, the Hungarian Rhapsody, as making the greatest emotional appeal.

Mr. Munger was compelled to respond with encores and used the fascinatingly picturesque Venetian Barcarolle of Godard after the Chopin and En Route also by Godard at the conclusion of the dramatic Liszt number.

CHRISTMAS BAZAR

AT STATE HOSPITAL

A Christmas bazar is to be given at Jacksonville State Hospital Wednesday, Dec. 8. Extensive preparations are being made and the event promises to be one of great interest to the people of the hospital and to the public generally. Practically all of the articles which will be offered have been made by the patients. The proceeds will go toward the hospital entertainment fund and the cause is well worthy of support.

THE BAPTIST REVIVAL

Interest in the revival services at First Baptist church increases nightly. Evangelist Dent had for his theme last night "Riding the Goat," a sermon designed especially for men. He presented a strong argument for leading the Christian life.

Special music was a feature of the service, a quartet including James Guyette, Maurice Peckham, H. T. White and Rev. W. R. Johnson singing several selections.

IS MANAGING

STORE IN CHICAGO

Freling Gordon, who left Jacksonville several months ago for Chicago, has written friends here of his new work there. He is with the company operating red front stores in various cities and is manager of one of the Chicago establishments. Mr. Gordon gave up his work as a printer because of a defect in vision.

RAILROADS SHORT

ON MOTIVE POWER

Interstate Commerce Inspection Is Very Rigid—Many Locomotives Sent to Shops for Repairs.

One cause of delay in railroad freight traffic is said to be the scarcity of locomotives. It seems that the interstate commerce commission is very strict in its rules with reference to the condition of the locomotives. They must be kept in such condition that there is no possible danger to trainmen. Inspectors acting for the commission visit the railroad shops from time to time. Any locomotive which does not comply with the regulations for such equipment is immediately ordered back for repairs.

One of the big railroad systems operating in Illinois is said to have had several hundred locomotives sent into the shops in the past two weeks. This action has inevitably resulted in a slow movement of freight and in some divisions in congestion.

Shippers in Jacksonville can testify to the fact that the movement of freight just now is much slower than was true in the pre-war period, and the direct cause is said to be inadequate motive power.

George Imgrund of the C. P. & St. L. said yesterday that the interstate commerce commission inspector had not recently looked over the C. P. & St. L. equipment, that a visit might be expected any day. One of these inspectors was in Peoria last week and more than 20 locomotives belonging to different roads were sent in for repairs.

Some years ago when an inspector came to Jacksonville he found some fault in the condition of the engine attached to the afternoon C. P. & St. L. train. It was within five minutes of leaving time, but the engine was sent back to the shops. These inspectors are clothed with full authority by the commission and trainmen do not demur, no matter how inconvenient it may be to receive the orders. It seems that the commission rules are much more strict than they used to be and consequently the number of engines temporarily condemned is larger.

Funerals

O'Keefe

The funeral of Mrs. Mary O'Keefe of Concord will be held at Concord M. E. church this afternoon at one o'clock. Rev. Thomas Symons will officiate at the services.

Mrs. O'Keefe was born in the state of Vermont Oct. 26, 1836. She married J. P. O'Keefe on November 20, 1853. Shortly after the marriage Mr. and Mrs. O'Keefe moved to Concord where they made their home for about sixty years. Four children were born to them, two of whom died in infancy. J. B. O'Keefe, son, died at the age of 64, on December 28, 1915. The father died 28 years before this, on Dec. 15, 1887. Mrs. Mary Cooper, wife of James B. Cooper, died on February 11, 1916.

Since the death of her daughter Mary, Mrs. O'Keefe had been living alone, her nearest relative being her grandchildren.

Mrs. O'Keefe has been a life-long member of the M. E. church and was very devoted to her Christian work. She was a friend to all and those who knew her, loved her because of her sweet disposition and her words of good cheer. Mrs. O'Keefe had been failing for some time, but her condition was not considered very dangerous until a few hours before her death.

Doctor Johnson of Concord was called to the bedside early Monday morning but could do nothing to relieve her. She passed away at 9 o'clock Monday morning.

THEIR 30TH ANNIVERSARY

WITH THE SICK

The serious condition of Dr. T. J. Pitner, who became very ill Monday afternoon, continues. Dr. Pitner suffered a severe chill and there is still the fear that his case may develop into pneumonia. Two nurses are co-operating with physicians in his care.

Miss Susan Draper of Westminster street has returned to Jacksonville from Louisiana, Mo., where she went for the funeral of her cousin, Miss Annie H. Draper. Miss Annie was a prominent business woman in banking and pension business. She was an active member of the Presbyterian church, where the funeral was held. Many relatives and friends from out of town were present.

Libby's

Cakes, biscuits, candies—all kinds of things in which milk is used—are more appetizing if you make them with Libby's Evaporated Milk. It is so rich, so creamy—and "goes so far." Order a supply from your grocer today and try it in the recipe given below.

Libby, McNeill & Libby, Chicago

Corn Pudding

3 eggs

2 cups Libby's Evaporated Milk

2 cups corn (canned or fresh)

1 teaspoon of sugar

1-2 teaspoon salt

1 tablespoon minced green pepper

1 teaspoon minced onion

Beat the eggs and add Libby's Evaporated Milk, corn, sugar, salt, green pepper and onion. Pour into buttered casserole and bake in a slow oven till custard is set.

### A Private Surgical Hospital

thru its Public Health Department Says:—

### The Most Precious Gift

Of parents to the child is a healthful body

Only with it can one enjoy the blessings of life. There is only one way of keeping such a body. "KEEPING FIT," that is by keeping in REPAIR.

The successful farmer examines and repairs his machinery frequently, that he may get the best "RESULTS" from its use.

The auto is kept in repair that its use may add pleasure to the family life.

But, of the HUMAN MACHINERY, what?

It may fall to pieces, be racked by pains and become a burden, and finally join in that great phalanx, 500,000 strong, who march to untimely graves every year—Who might live if they would just value the HUMAN MACHINERY as much as the auto, the plow, the horse.

Now is the time of year to have that body gone over and small defects repaired.

### ILLINOIS SOIL EXPERTS INVEST IN SOUTHEAST MISSOURI LAND

(From St. Louis Post-Dispatch.)

The Himmelberger-Harrison Land Selling Co., of Cape Girardeau, Mo., reports several notable sales of farm land. This company has in the past few years sold nearly 100,000 acres of cutover drained lands in Southeast Missouri, the greater part of which has been put in cultivation. The new settlers largely from Central and Northern Illinois.

Among recent buyers of land in Southeast Missouri, according to Julien N. Friant, treasurer of the company, are several soil experts of the Agricultural College of the University of Illinois, including Dr. W. L. Burlison and W. C. Coffey, Prof. Henry P. Rusk and L. A. Medden, all of whom bought in the western part of New Madrid county.

"Each of them made a personal investigation of the soil and country, and Dr. Burlison was especially enthusiastic," Friant said, "his expectation of rapid development being based upon the fact that drainage work is about completed and hard roads being built in every county, each one of which has voted road bonds on its own hook, the total being about \$3,000,000. An intensive campaign is on that is expected to make Cape Girardeau county one of the centers of pure-bred Guernsey cattle, and of the dairying and fruit-raising industry."

### Special Bargains Three

## MONEY FROM SEAL SALE MEANS WAR ON WHITE PLAGUE

Double Barred Cross Stands for Continuous Health Crusade—Christmas Seal Facts.

Christmas Seals bearing the double barred red cross are life savers. The funds derived through their sale at a penny apiece are used in the fight against tuberculosis—some of the times called "HEALTHY NEW YEAR" campaign.

In Morgan county money derived from the sale of seals this year will go to the maintenance of the Open Air school which builds up the bodies of children and at the same time educating them. The money will also be used in a health crusade.

Christmas Seals originated in Norway. At the request of Miss Emily Bissell of Delaware, the first American Christmas Seal was issued in 1907 by the American Red Cross. Although they were issued by the Red Cross for many years, they were sold under the general direction of the National Tuberculosis association and the funds derived from the sale always have been used in local, state and national tuberculosis work.

Christmas Seals this year for the first time bear the double barred red cross which is the world wide emblem in the world wide fight against tuberculosis. According to the usual custom they are sold by tuberculosis societies and committees for the purpose of raising funds for the fight against tuberculosis.

The sale of Christmas Seals is a national event, coming each year during the month of December. In the various localities throughout all America the sale is conducted by representatives of local Commercial clubs, Rotary and Kiwanis clubs, Women's clubs, posts of the American Legion, representatives of lodges and labor unions, groups of Camp Fire Girls and Boy Scouts, church members of all denominations, school children, etc.

In the 1920 sale it is conservatively estimated that more than 750,000 men and women—all of them community leaders—and older boys and girls are actively engaged in pushing the sale. Purchases of seals and Health Bonds—which range in denomination from \$5 to \$50, \$1,000—will be made by more than 75,000,000 good Americans.

Christmas Seals—placed on the back of letters and postcards during December, liberally sprinkled on packages bearing Christmas gifts and attached to New Year's greetings—carry a bright touch of holiday cheer. They carry to the recipient of your letter, card and gift package your best wishes for a healthy and happy New Year and a Merry Christmas. But far more than all this, they indicate that you are a real human, THINKING American. That you are doing your bit in helping to stamp out the greatest plague of all time—a plague that causes one-tenth of all deaths and that kills ONE-THIRD OF ALL MEN, WOMEN AND OLDER CHILDREN WHO DIE BETWEEN THE AGES OF 15 AND 45.

Christmas Seals are used each year by millions of Americans. Millions of American men and women definitely plan each year for the purchase of Christmas Seals just as they plan their list of Christmas gifts. Get the habit. It brightens your December mail and it actually helps to save lives, promote the health and happiness of those around you. The sale of seals in Illinois has grown by leaps and bounds. Not including Chicago and Cook county, figures for the past seven years are:

1912 1,049,309

1913 1,373,925

1914 1,723,843

1915 2,906,951

1916 3,139,416

1917 10,729,519

1919 13,542,971

NITRE COCKTAILS

BECOME POPULAR

Boston, Nov. 29.—Nitro cocktails, as a substitute for once popular Bronx, have come into favor since the advent of prohibition according to information given out today by William S. Briv, director of Registration in the state department of drug control. He said the department had noticed a tremendous increase in the sale of sweet spirits of nitre and had found that the drug was being used as a substitute for liquor "among the better classes."

He called attention to the danger in the practice as he said the drug contained alcohol, sodium nitrate and sulphuric acid, which is a solvent of metal.

FIGHT TO MAKE CANDY CHEAPER

CHICAGO, Nov. 29.—A fight to make Christmas candy cheaper was started today by the council high cost of living committee. Alderman Max Adamowski, chairman said that despite reductions of nearly 20 cents a pound in sugar over war prices, candy manufacturers were not lowering the price of their products.

"They are planning to reap a harvest during the holidays, but we intend to see that their plans are thwarted," he said. Charles Clynne, United States district attorney, announced that his agents had gathered evidence of profiteering in butter and eggs in Chicago and that a federal drive to punish the profiteers be started immediately.

**The Most Competitive Business in the World**

—said Judge Fred W. Freeman recently. Continuing, he added: "The oil business today in all its phases from production to refining, to marketing, is the most competitive business in the world."

The Standard Oil Company (Indiana) is but one of 16,000 organizations interested in the petroleum industry in the United States. Each of these is performing a useful service or it would not be in business. Competition eliminates the unfit in the oil business, as it eliminates the unfit in every other line of endeavor.

The Standard Oil Company (Indiana) is here today because it has made good.

The energy of the Standard Oil Company (Indiana) is concentrated on making good in a big, constructive way.

The territory served is probably the most important farming territory in the world. The Company's opportunity for service is great, and the need for its service is ever present.

Every year the farmers of the Middle West need petroleum products in greater volume. They demand products of standard quality, delivered at regular intervals and at reasonable prices. Only through a complete organization of men, trained by years of experience, can so complicated and important a service be rendered.

The Standard Oil Company (Indiana) is such an organization, and by concentrated, co-ordinated effort, from refinery to tank wagon delivery, it is able to render a service to the farmers and others who depend on the Company for material which enables them to perform tasks essential to the public welfare.

The Standard Oil Company (Indiana) is directed by a group of seven business men, trained in every phase of the oil industry, and is operated by 23,000 loyal men and women, who are devoting their lives to the business.

Its owners, the stockholders, are 5525 in number, no one of whom owns as much as 10 percent of the total stock.

Any one may become a part owner in this Company, by buying its stock in the open market.

**SMALL FIRE DAMAGE HERE DURING MONTH**  
Damage by fire in Jacksonville during the month of November was exceptionally small, the records of Chief Samuel Hunt show. There were but eight runs during this time, and the loss to property was only \$140. The value of the property and contents involved was hundreds of times that amount.

Following were the runs of the month:

Nov. 4—428 South East street, one shed destroyed and another damaged.  
Nov. 11—511 Hardin avenue, small fire in furnace register, slight damage.  
Nov. 13—501 South Main street, roof fire, small damage.

**HOME TALENT PLAY IS GIVEN AT FRANKLIN**  
"Cranberry Corners" Presented by Young People of Christian Church — Other Franklin Items of Interest.

Franklin, Nov. 30.—Miss Mildred Funk, of the High school faculty spent the Thanksgiving vacation with homefolks in Winchester.

Miss Ruth Tulpin who is a student at the University of Illinois spent Thanksgiving with her parents, Mr. and Mrs. H. M. Tulpin.

The comedy-drama "Cranberry Corners," given at Marquette hall, Nov. 26, by the young people of the Christian church, was quite a success. The play is said to be one of the best home talent plays ever given here. The door receipts were nearly \$140.

Louis Broverman spent Thanksgiving with his parents in Springfield.

Mr. and Mrs. L. O. Berryman of Jacksonville, Mr. and Mrs. E. A. Whitlock of Decatur, Mr. and Mrs. Sam Hicks of Scottville, and Mrs. Kate Grieder of Franklin were Thanksgiving guests of Mrs. Sarah and Miss Grace Hill.

Miss Georgia Shaver, a student at Illinois College, spent the Thanksgiving vacation with home folks.

**FINE SERVICES AT LITERBERRY CHURCH**  
Rev. W. R. Johnson Preaches at Baptist Church Sunday Morning — Peoria Man Visits Literberry Home — Other News

Literberry, Nov. 30.—Rev. W. R. Johnson and family, also Miss Mildred Fair, came down to Literberry Sunday morning. Rev. Johnson preached at the Baptist church at the usual hour, a splendid sermon, without taking any text; the reading was the 51st Psalm. The sermon was to the church and the minister said in closing "The Church, that is the Christians of the community must get in an attitude of yearning for souls, a love for the souls of neighbors and friends, and count it not too much to give time, means, service and self, to bring others to Christ; then will come to pass the reading, Psalms 51—12 and 13 verses."

The Mission Circle held its November meeting with Mrs. Guy, hostess. The committee on the church Thanksgiving social also met with the circle. The dues paid in were \$2.45. Refreshments were served at 4 o'clock. The hostess was assisted by Mrs. Al Dunlap.

There were given the usual Thanksgiving dinner in and around Literberry, and family gatherings. Mrs. Scribner gave a duck dinner, asking her children to help eat the good things prepared by herself and Miss Ada; Miss Alta Moore of Jacksonville was a guest at this affair.

Mr. and Mrs. John Guy and daughter, Eleanor, went to Macomb to spend Thanksgiving with Grandma Guy, who is past 80 years old. They had a nice trip and met many friends.

Benjamin Spence of Peoria was a visitor at Maple Mount, with W. W. Young, Thursday and Friday.

The junior scholars of the Literberry college were very busy Friday selling Red Cross Christmas stamps.

Miss Mildred Underbrink went to Bloomington Saturday, for a visit with friends.

James Petefish, our efficient postmaster, returned Friday from a business trip to Chicago.

George Richardson received a bad sprain in his side, last week, of doing some heavy work. On account of the pain he went to Jacksonville to consult Dr. Wolfe last Saturday.

Miss Bertha Grace Olroyd visited in Jacksonville with relatives Saturday and Sunday.

Mr. and Mrs. J. H. Hitchens have returned home after spending a few days at Moweaqua, with relatives.

## RHEUMATISM

**A Remarkable Home Treatment  
Given by One Who Had It**  
In the spring of 1893 I was at-  
tacked by Muscular and Sub-acute  
Rheumatism. I suffered as only  
those who have had it know, for  
over three years. I tried remedy  
after remedy, and doctor after  
doctor, but such relief as I re-  
ceived was only temporary. Finally  
I found a treatment that  
cured me completely, and it has  
never returned. I have given it  
to a number who were terribly af-  
flicted and even bed ridden, some  
of them 70 to 80 years old, and  
the results were the same as in  
my own case.

I want every sufferer from such  
forms of rheumatic trouble to try  
this marvelous healing power.  
Don't send a cent; simply mail  
your name and address and I will  
send it free to try. After you  
have used it and it has proven it-  
self to be that long-looked-for  
means of getting rid of your rheu-  
matism, you may send the price of  
it, one dollar, but understand, I  
do not want your money unless you  
are perfectly satisfied to send  
it. Isn't that fair? Why suffer  
any longer when relief is thus af-  
forded you free? Don't delay.

## SAMUEL TAYLOR, FORMERLY HERE, DIES SUDDENLY

Brother of Jacksonville Fireman  
Drops Dead in Springfield—  
Funeral to be Here.

Samuel Taylor, a former well known resident of Jacksonville, and a brother of John Taylor of the fire department here, dropped dead early Tuesday morning at the Sangamo Hotel in Springfield, the city in which he had resided for the last twenty years. Heart disease is believed to have been the cause.

His brother here was notified shortly after 7 o'clock. Mr. Taylor, accompanied by Dick Reynolds of the Reynolds Mortuary, left at noon for Springfield to take charge of the remains. The body will be brought to this city for burial.

The decedent was born in Jacksonville almost 62 years ago, a son of Mr. and Mrs. David H. Taylor. For some years he engaged in horse trading business.

With his brother, John Taylor, the big game hunter, under the name of decedent won considerable fame as a Taylor Brothers the two travelled over the country to fairs and other attractions, giving exhibitions.

At one time Taylor Brothers signed a contract with Buffalo Bill to go with his show to Europe. The younger brother, being under age, could not secure permission to make the trip across the ocean, and the veteran showman let them out of the contract.

Mr. Taylor had lived in Springfield the last twenty years, but often came here. His wife died some years ago, and they had no children.

Surviving are two brothers, John Taylor of this city and Charles Taylor; two sisters, Mrs. Will Woods of Kansas City, Mo., and Mrs. May Jones of Salt Lake City, Utah.

No plans for the funeral have been made.

## NAVY RECRUITER HAS ROOM IN COURT HOUSE

Jacksonville now has a temporary navy recruiting station.

Boatswain's mate, second class, J. A. Fitzpatrick, has arrived here from the district office at Springfield and has established headquarters in the grand jury room on the second floor of the court house. "I may be here two weeks, or it may be two months," the navy recruiter stated.

He is empowered to receive enlistments for two, three or four years. The navy department offers training in 37 trade schools.

The navy is now pushing the recruiting work, owing to the world cruise next June. Many a young sailor will make this trip, the men enlisting now included.

From now until June both the Atlantic and Pacific fleets will be busy making trial cruises. The Atlantic fleet is to go to Brazilian ports, Argentine and South Africa before June. The Pacific fleet is scheduled to visit the South Sea islands, Australia and New Zealand and Tasmania.

## YOUR EYES TIRE EASILY

Like other parts of the body, your eyes are subject to fatigue.

But if properly used, they can do an enormous amount of work without becoming tired.

Therefore, if they tire easily something is wrong, and they should have immediate attention.

Eye-weariness shows itself in blurred vision, in headaches, in inability to recognize persons at usual distance, and in slowness in changing focus, when you suddenly look up from close work.

If you have any of these symptoms let us make an examination of your eyes.

# Last Night's Audience Mystified by Phonograph

Drawn from Actual Photograph

## Hears Famous Soprano compare voice with RE-CREATION by Edison's new phonograph—could not tell the two apart

Miss Edith McDonald, the popular soprano, gave an extraordinary recital last night at Music Hall, Illinois Woman's College.

Miss McDonald walked on to the stage and stood beside a stately cabinet. She began to sing "Starlight Love." The audience immediately yielded to the spell of her beautiful voice. Then suddenly there was a stir—a subdued murmur of surprise—and a perplexed rubbing of eyes. The voice continued to fill the auditorium with undiminished sweetness—your ears were proof of that—but her lips had become absolutely silent—your eyes told you that.

What wizardry was this? It was the test of direct comparison with the living artist, which Thomas A. Edison has developed to demonstrate that the Official Laboratory Model of his new phonograph will sing any song exactly as it was sung by the artist, and that his Re-Creation of a singer's voice as it comes from his wonderful new phonograph, positively cannot be distinguished from the singer's actual voice, when both are heard in direct comparison.

Miss McDonald made repeated comparisons—always with the same result. It was truly wonderful. This master achievement of the great wizard, Edison, marks a new epoch in music.

## The New Edison "The Phonograph with a Soul"

You can have a duplicate of the wonderful instrument used at Music Hall, Illinois Woman's College and, if you act quickly, we can furnish you with an engraved certificate (signed by the artist) certifying that it is an exact duplicate in tonal quality of the instrument she used in her amazing comparison; also that it will sustain precisely the same test.

We have ten of the famous Official Laboratory Models and Miss McDonald has certified every one of them. Come to our store at once and ask to see and hear the Official Laboratory Models on which Miss McDonald has issued her certificates of Authenticity.
